

WORKHORSE™

W4 CC

Built with Purpose

WORKHORSE™

Custom, Smart, and Capable

The Workhorse W4 CC

The W4 CC is the hardest working electric truck out there. With a flexible cab chassis and variable cargo space, you can fully customize it to fit your fleet. Modular, capable, and spacious, it's the ideal truck for last-mile delivery, specialty trades, and more.

Whatever you're hauling, the W4 CC can handle it.

Make it Work for You

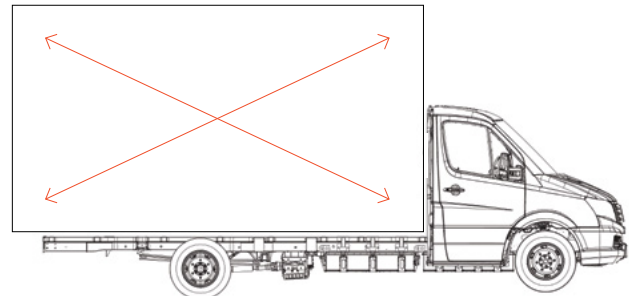

With countless options, add-ons, and configurations, you can optimize the flexible cab chassis to your exact needs. The W4 CC is ideal for experts in a variety of industries, including:

- Construction and Contractors
- Cleaning, Remediation, & Pressure Washing
- Durable Goods Delivery
- Facility & Event Services
- Grocery & Meal Delivery
- Package Delivery

The W4 CC offers nearly endless options for any type of work. Talk to our sales team to find out how you can start customizing yours today.

*While Workhorse trucks work hard and go a long way, driver habits, inclement weather, and other factors can limit range. Your results may vary.

The Future of Last-Mile Delivery

Engineered with fewer moving parts and durable EV components, Workhorse's line of dependable work trucks do more with less mechanical maintenance. Powerful electric motors mean less noise, no emissions, and freedom from high fuel costs. Plus, utilize the Workhorse Metron app to receive route data, operational insights, and real-time geolocation that make your fleet more efficient than ever.

Workhorse doesn't make any old work trucks. Give them all you got, and then some.
